WHAT WE DO

Chain Reaction Challenge Foundation raises funds to support children's charities through corporate cycling challenges.

Chain Reaction has supported more than 60 charities over the past 17 years, resulting in a significant amount of funds raised.

Funds raised through this year's Challenges will support specific children's charities that are aligned to each individual event. We are proud to have Starlight Children's Foundation as our event Charity Partner.

3 DAY CHALLENGE CHARITY PARTNER

Chain Reaction Challenge Foundation has proudly been supporting Starlight Children's Foundation for the past 17 years. Starlight is named Australia's most trusted children's charity.

Starlight Children's Foundation know that happiness matters to sick kids facing the pain, fear and stress of serious illness.

Starlight helps kids of all ages regardless of disability, injury or illness because what happens in childhood lasts a lifetime. Starlight works in partnership with health professionals to provide the happiness, play and creativity that helps to boost the kids' health and wellbeing.

Since the inception of our partnership with Starlight, together we have positively impacted the lives of tens of thousands of seriously ill kids and young people, improving resilience and wellbeing through their Captain Starlight and Starlight Express Rooms Programs.

HOW WE ACHIEVE OUR TARGET

Our purpose is to raise funds through our Challenges. We do this from a combination of a personal upfront donation, individual fundraising and corporate team sponsorship.

Individual Fundraising

By participating in the Chain Reaction National 3 Day Challenge each rider commits to both:

- 1 \$3,000 PERSONAL UPFRONT DONATION**
Paid by each individual rider as their commitment to the charity.

- 2 \$4,000 MINIMUM INDIVIDUAL FUNDRAISING**
These are funds raised by the rider via personal networks, friends, family and business connections.

To help you achieve your fundraising target we provide you:

- A personal fundraising page
- Fundraising resources – toolkits, email and social banners
- Online education sessions and mentoring support

- 3 \$30,000 MINIMUM CORPORATE TEAM SPONSORSHIP**

The success of our events is due to our team based format that brings individuals together to train, support one another and work to secure corporate sponsorship for their team. Each team consists of 6 riders with a minimum team sponsorship target of \$30,000.

Your team will have a uniquely designed event uniform and all corporate sponsors will receive company branding on this based on their sponsorship support.

WHY JOIN THIS EVENT

The Chain Reaction Challenge Foundation brings together like-minded business professionals to encourage networking and relationship building whilst fostering long-term corporate connections.

The events challenge senior business people to cycle a multi-day, long distance course and use their personal and corporate networks to raise significant funds for our children's charity partners.

Chain Reaction's success comes from the generosity of riders, their donors and corporate sponsors. This corporate support is best demonstrated through:

- Rider participation
- Team sponsorship
- Competition Jersey sponsorship

BUILD CONNECTIONS
